MASTERTENT® makes your ad visible.

The modular system is easily extendable.

# Expandable

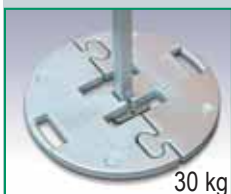

The difference lies in the details.

## Side walls

Strong Velcro from top to bottom.

## Base plates

## Transport wheels and Universal clip

## Heating and Lighting

## Flags and banners

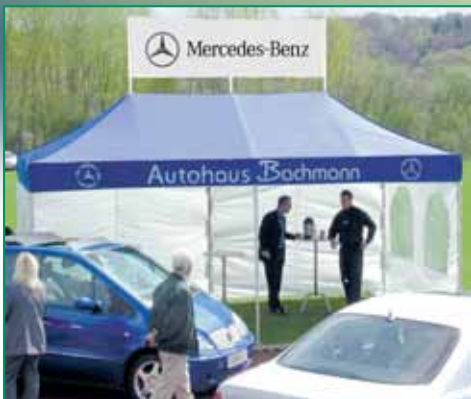

# Counter and Printing

The sturdy rapid-installation counter is quickly and easily fixed to the tent structure using screw fasteners. Thanks to its simple folding mechanism, the counter is ready for use in no time at all. It can be fixed to one, two, three or all four sides of the tent, as required.

Consisting of several modules, the counter comes in its own practical handbag for effortless transport.

## Printing

We can digitally print (total surface print) the roof, side walls, banners and flags at advantageous prices. Our creative department would be pleased to design the appearance of your MASTERTENT® if you do not have print-ready files available.

Site walls can be duplex printed.
